AN INTRODUCTION TO BRAND 'SPEEDIGO'

SPEEDIGO, a flagship brand of Speedigo Engineering & Technology, is redefining smart mobility solutions across India and beyond. With a strong presence in multiple states and expanding into international markets like Nepal, we are committed to delivering innovation-driven electric mobility.

Backed by a state-of-the-art 20,000+ sq. ft. manufacturing facility in Kolkata, SPEEDIGO stands apart with its in-house designed chassis, proprietary moulds & dies, and a robust service ecosystem. Our strength lies in complete control over design, manufacturing, and after-sales support.

We specialize in golf cart manufacturing, rentals, and bespoke vintage mobility solutions, enhanced with advanced technologies such as IoT integration, GPS tracking via lithium battery BMS, and EM Braking systems.

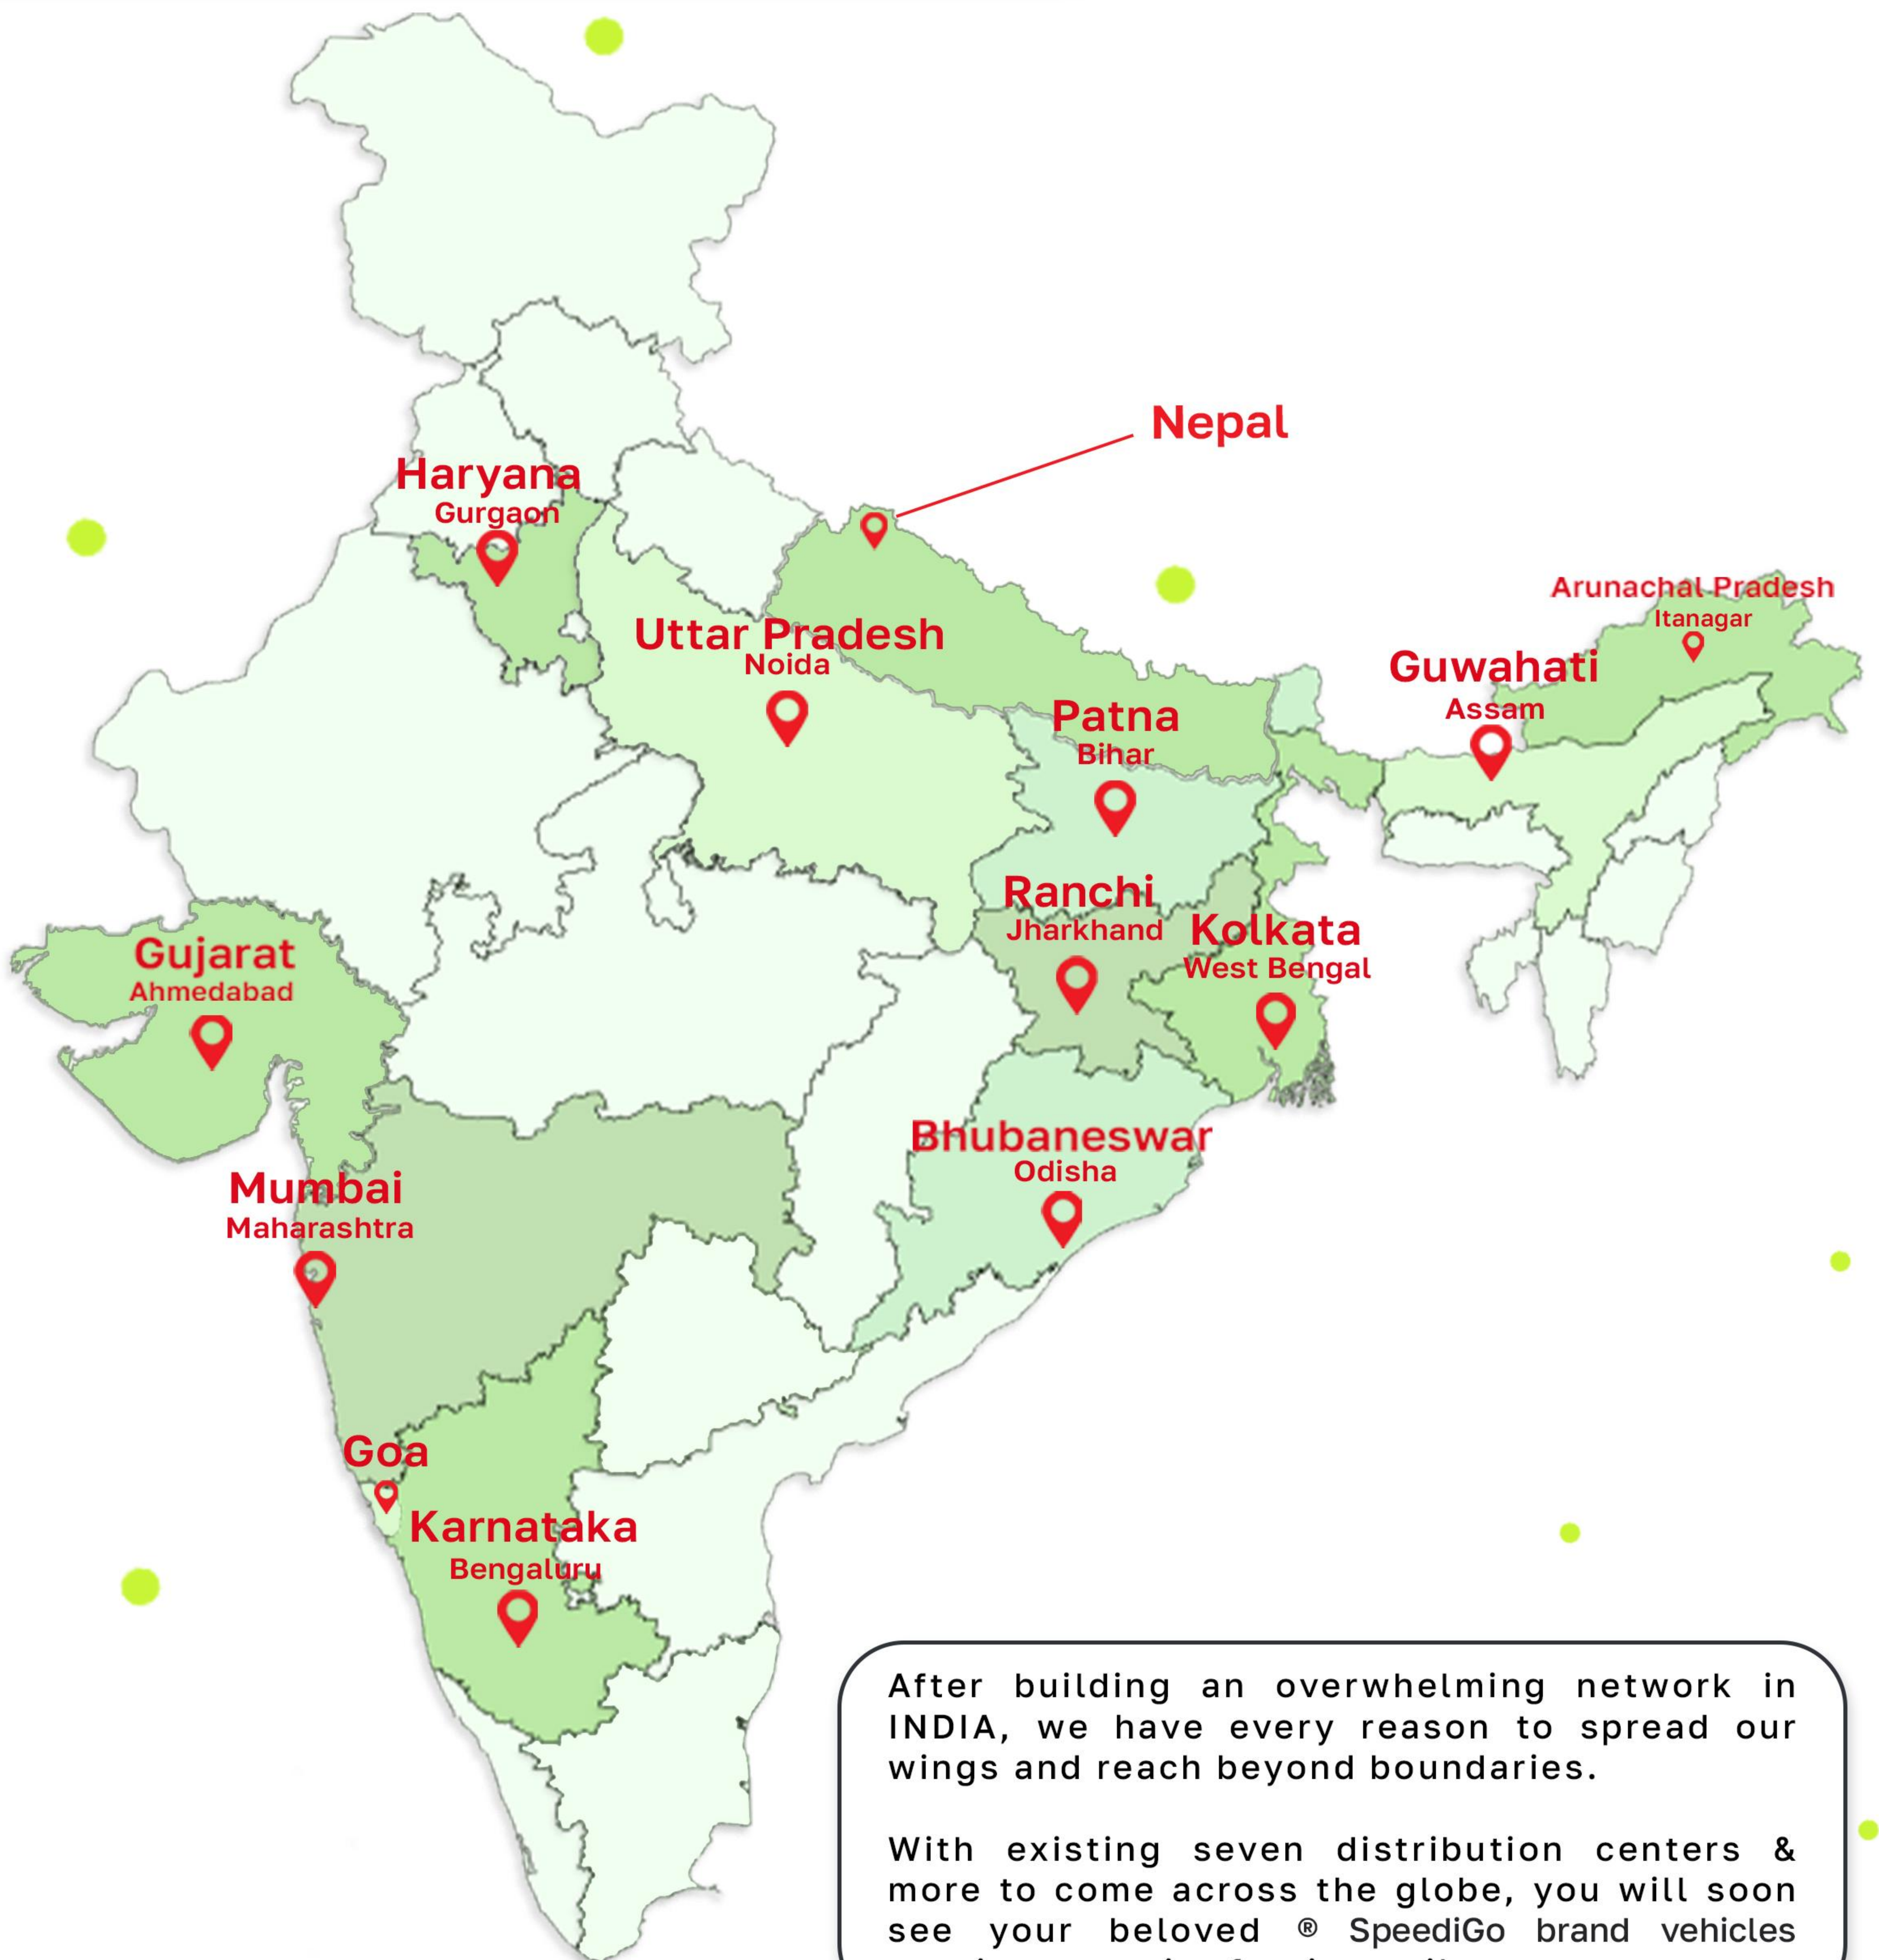

With a dedicated in-house AMC service team, ready stock of spares, tyres, and batteries, and a rapidly growing service network, SPEEDIGO ensures reliability, performance, and peace of mind for every customer.

Driven by innovation. Powered by trust. Expanding without limits.
